POST SEASON GAME HERE NOV. 28

CAMERON TO ROCKDALE FRIDAY

Band Leads Parade To Regal City

Cameron was apparently forming a big parade for the Rockdale-Belton game Friday night to be played on the Tiger field in Rockdale.

It will be a return of courtesy as many have expressed it here, with the hospitality of the Regal City fresh in their minds for the game there on November 9..

In further appreciation of the spirit of Rockdale in giving the Cameron-Belton game a mass attendance, the Cameron people plan to go in large numbers to the game in Rockdale to-morrow night when the Tigers of Milam County meet the Tigers of Bell county in a crucial game.

Cameron's municipal Band under Francis Cox, have been invited to play at the game and have accepted. Transportation will be provided by Rockdale fans. The band goes to the Tiger game for an entertainment feature and not as partizans in the contest, it was made plain, in a letter to Belton leaders.

While it was no secret that Cameron was pulling hard for her Milam county Tigers to beat Bell county claws, the band will be there for entertainment only, but Cameron fans will be heard on the side lines pulling for Rockdale.

It should be a love feast of Milam county folks for the honor and prestige of their teams. Just before the Belton and Cameron game a letter to Coach Wood signed by each member of the Rockdale team, expressed hope for Yoemen victory.

Since the last accounting Rockdale has added another victory to her 1934 record by beating Thrall 7 to 0. Friday night of this week Rosebud, leading by a half game for the conference plays Thrall at Rosebud. Cameron fans wish the Rockdale Tigers could play their game again with Rosebud. The Rockdale team has grown in strength each day since that game.

YOEMEN B SQUAD TO PLAY ROGERS FRIDAY

The 1935 Yoemen now playing on the B squad will be seen in action Friday afternoon in a game with Rogers, a school of Class C rating.

The game will be played on Yoemen field in Cameron and will give the fans the first opportunity to see the embroyo 1935 Yoemen in action. Much speculation is being engaged in relative to some fast stepping Yoemen backs and charging line.

The city is urged to turn out for the game.

Leaders in Texas Soil Erosion Fight

Here are two leaders in soil erosion work in Texas who were interested participants in the recent field day on the Cal McCurdy farm near Rhome, Texas. At the left is U. S. Allison, state technician in soil erosion control. At the right is M. R. Bentley, engineer in charge of erosion control work. Allison and Bentley are both gratified to discover growing interest among Texas farmers in building terraces to conserve moisture and prevent soil erosion. (Texas News Photos.)

Tax Penalty Benefit Law Not Effective Until February 9th; Roy Law Makes a Correction

Mr. J. B. White,
Editor, Cameron Herald,
Cameron, Texas.
Dear Sir:

There is abroad in the land much confusion about penalty and interest on delinquent taxes. Word has gone out from Austin through the State and Local Press that penalty and interest is removed from delinquent taxes at this time. This office received advice from the State Comptroller of Public Accounts under date of November 15th and we quote as follows:

(Editors Note—The news story published last week did not appear in The Herald.)

"In conference with Attorney General, this office is advised that House Bill No. 7, known as the Pope Bill, did not receive the necessary two thirds vote to become effective at once; therefore, it will not go into effect until February 9th, 1935. This office is without authority to

J. C. TUCKER IS HELD ON FEDERAL CHARGE

J. C. Tucker, former cashier of the Cameron State Bank, was placed under arrest in San Antonio by a United States Deputy Marshall, following his indictment by a federal grand jury at Waco this week, it was said here Wednesday.

Mr. Tucker was in Cameron late Wednesday and was to be in Waco Thursday morning to answer.

The indictment against him for alleged transactions involving an account in the bank which, it was reported, had been in some way connected with veteran's compensation funds.

The fund it is said, is alleged to have been handled jointly by frank Walzel, L. Van Perkins and Tucker. No specific data was obtained as to the contents of the bill against Tucker who stands indicted on 17 counts for embezzlement of funds from the now defunct Cameron State Bank. The shortage was discovered when the bank closed its doors.

Three Inches Rain Step Up Hopes For New Year Outlook

Nearly three inches of rain had fallen in Cameron and immediate territory up to Thursday morning, R. A. Tag, local government observer reported.

To be exact the total fall was 2.93. At Buckholts more than 4 inches of rain had fallen. The heaviest downpour came Wednesday morning and Tuesday night, a total of 1.23.

Thursday morning the cold wave that edged into the plains on the heels of a snow fall, had given the city its first chill of the year. Predictions were frost Thursday or Friday night.

Baptist Church At Watson Branch Burns

Fire Sunday night destroyed the Watson Branch Baptist church south of Rockdale. Officers were reported making an investigation of the disaster but no arrest had been made.

Services were held Sunday night. It is thought probable that a cigarette or lighting equipment may have caused the blaze.

Our Town

By J. B. White

The Puritans, when they celebrated the first Thanksgiving, may not have had a whole lot to be thankful for, in comparison with what folks have today, but they were thankful, and they expressed their thanks in more than words.

Having seen hardly more than the fringe of their new country, and having undergone more than ordinary hardships in clearing land to plant, and having made a crop under more than ordinary difficulties, and having been harrowed by hostile Indians, those who passed through these hardships and came to the harvest were truly thankful.

Take a mind's eye view of those simple folk and then take a look at your surroundings in Cameron today. There isn't a man, woman or child in this whole land but that can be thankful for at least some one thing during the past twelve months.

True the past twelve months have been trying. There has been a period of depression with scarcity of money in circulation, slowing up the commercial world, shutdowns in the manufacturing world, drought in certain sections which have wrought havoc to agriculture and caused heavy losses to farmers, a vast army of unemployed men and women, and the attendant suffering therefrom, and all that, and yet there is still much to be thankful for.

The fellow who has good health is fortunate and should be truly thankful for this, if nothing more.

The fellow who still has a job and is still receiving his regular pay check each week should be thankful. Even though the pay envelope does not cantain as much as it may have in former years, it is something many men have had taken from them.

The merchant who has weathered the storm incident to the business depression, has much to be thankful for.

The man whose family has not suffered the inroads of disease, and still has all of his loved ones with him, has much to be thankful for.

These and a thousand other things could be mentioned for which most of us could be thankful. Then one might take a look at the news columns of his paper and watch the unrest in other countries, the spirit of revolution and war which are constantly flaring, and be thankful that within the United States there is nothing of this to disturb the people.

Then look around and see what has been accomplished in the years that have passed since that first Thanks-

GRID RIVALS PLAY IN CAMERON WEDNESDAY NIGHT NOVEMBER 28

Coach Carrol Wood at Yoe High announces the completion of plans to bring the 1934 Yoemen back to the field in a post season game with the Tigers from Rockdale.

The game is to be played on the Cameron field Wednesday night November 28 preceeding Thanksgiving. The game according to Cyrus Cottle, president of the Athletic Council, will begin promptly at 8 o'clock.

Rockdale were anxious to stage the game in Cameron and all fans here welcome a chance to see the teams in action again. In their conference game in Rockdale on November 9 the Tigers tied the Yoemen 6 to 6. These old rival teams will pack the field here Wednesday when they settle the question of which is supreme in 1934.

Proceeds of the game will be split in half and will go to the treasury of each club. The usual admission fee will be charged and no season tickets will be admitted as the shedule for these games is complete.

It will be the last time a number of the Yoemen will play under the maroon color. Captain Gillis, Leonard Blaylock, center; Ladis Hrozek, back; Gus Evans, end; Eichenhorst, guard, will each complete their school terms this year.

J. S. CABRON SELLS OUT IN BURLINGTON

J. S. Cabron, for 24 years a merchant in Burlington, and a pioneer resident of this county, has sold his building and property in Burlington and will move to South Texas.

Having sold his building and property Mr. Cabron announces a closing out sale on his general merchandise stock in a double page spread in this issue of the Herald. Circulars have been mailed to all parts of the territory for the opening at 9 a. m. Friday November 23.

In this sale the stocks are being sold at cost with all profits sacrificed. He must closeout his business and give attention to farm interests at Robstown.

He entered busness on August 5, 1910 at Burlington and has been one of the leadng merchants of that city.

"I have many satisfied customers in this community," said Mr. Cabron, "and I regret the necessity of quitting business here. I wish to thank them for their patronage and loyalty all through the 24 years in business."

Patrons of the store are in for a real treat during this sale. The stock covers a wide range of needs and all are being sold at close out prices.

The sale will last until all goods are sold. Julius Cabron, son of the merchant, was active in preparation for the sale. He wrote the splendid ad in the Herald. There are four sons in the family and each have made a success in business. Friends will regret to know that Mr. Cabron will leave Milam county.

COTTON OFFICIAL IS COMING NOVEMBER 28

Geo. Banzhaf, county agent, announces that J. W. Gorham of the cotton allotment board, will address the farmers at 1:30 p. m. Wednesday November 28 at the Court House in Cameron.

He will discuss allotment plans for 1935 and will discuss the Bankhead Bill. All cotton farmer sare urged to be present for this important meeting.

SPIRITUALIST CHURCH

On Sunday November 25 there will be all day services at the First Spiritualist church. Sunday school program begins at 10 a. m. Luncheon at noon. Dedication services at 2 p. m. Evening services at 7:30 p. m. Everybody welcome.

PERKINS AND WALZEL CASES ARE CALLED

A case in federal court at Waco against L. Van Perkins, former state commander of the American Legion, was called for trial Thursday morning.

Mr. Perkins was reported to be under the care of physicians here because of illness and was believed to be unable to attend court. Certificates from physicians were reported to have been forwarded Judge Boynton for his consideration when the cases were called today. The former commander was indicted for forgery in connection with veteran's compensation checks which he declared he had power of attorney from the beneficiaries to cash.

Many claims are said to have been adjusted by Mr. Perkins. He resigned from the office of State Commander following the indictments.

Frank Walzel is under charges in connection with the handling of veterans claims, it was said. He was associated with Perkins in proving and collecting claims for deserving veterans. J. C. Tucker, also indicted, was cashier of the Cameron State Bank. All three are world war veterans and members of the Cameron Legion Post.

GRAND JURY HITS AT GAMBLING MACHINES

Ask New District Attorney To Clean Up County

The Grand Jury for the November Term of District Court beg to report that we have been in session six days and during said period of time we have examined 88 witnesses and during all of our deliberations have found 24 true bills of indictment, all being of the grade of felony and none being of the grade of misdemeanor.

We have received many complaints of the operation of various and sundry kinds of gambling machines being operated throughout the county, and we call upon the entire citizenship to co-operate with the county officers in eliminating this condition. We direct the sheriff, and the constables to arrest any and all persons found running or permitting the running of slot machines in Milam county. We also direct the prosecuting officer of this county to prosecute to final judgment all persons charged with the possession of said slot machines.

It has also been called to the attention that many persons in this county are not observing the stock laws. We respectfully urge the observance of the stock laws in Milam county.

We desire to thank the various court officials and the bailiffs for the assistance given us during our deliberations.

We beg to report that we have inspected the jail and found same being kept in a clean efficient manner. We recommend to the Commissioners Court that the interior of the jail be painted immediately.

Having completed our labors we

YOEMEN LOSE TITLE IN TIGER TRIUMPH

The 1934 conference schedule for Comeron Yoemen is now history. The picture has been finished with a brilliant dash of color in a performance that wrote in legible tribute for all time to come a lyric of loyalty to Coach Wood and to the people and to old Yoe High.

Leading by a half game for the conference title the Yoemen in their final game of the season gave everything in a desperate drive for victory but somewhere in Fate's old Talmud defeat was their lot. Belton Tigers in the best performance on Yoe field this year dashed the hopes of Cameron and won the game 6 to 0 Friday night.

The memory of those white and ma-

Farmers Express Dissatisfaction Over Yield Pacts

A counter petition in behalf of Geo. Banzhaf, County Agent, was being circulated, it was announced here.

Last Thursday petitions asking the Commissioners' Court to remove Mr. Banzhaf from his office in so far as that body was able, were filed. It was said that similar petitions have been sent to Washington to the Department of Agriculture.

Friends and supporters of the able and veteran agent were busy with counter petitions to retain him.

It was believed that dissatisfaction over acreage contracts in the county were responsible for dissatisfaction among farmers.

Friends and supporters of Mr. Banzhaf were confident it could be shown he has rendered good service and should be retained.

Elaborate plans are completed for the "gala entry" of old Santa Claus in person, when the old Saint arrives in Cameron on December 5th at 4 o'clock, in his beautiful snow covered float.

Arriving at the business district Old Santa will shake hands with all the children, give them candy and receive their letters. He will then visit the several stores of the city and replenish the big stock of gift goods.

A special entertainment will be provided with old Santa Claus and his funny clowns. Santa is coming under the auspices of the local Chamber of Commerce, and we want every child and grown up in the county to greet him.

The children of the city are all excited and their little hearts must be glad on this occasion. Come and enjoy the coming of old Saint Nicholas.

Never in the history of Cameron have the business men shown more enthusiasm during the rolidays, and this year they are putting forth every effort to make the season attractive with old Saint Nicholas coming to town.

Don't forget the date and hour. We want you all here to meet him.

Hyrax Is Nearest Known Kin to Elephant Family

Those scientists who make it their business to probe into nature's secrets are continually surprising and startling us with the assertions they make from time to time, but none of their declarations seem much more difficult to believe than that the hyrax, and closely related species of the same animal, are the nearest known living relatives of the elephant. The hyrax is also called coney, or dassie in South Africa.

In shape and size the hyrax resembles a large rabbit except for its somewhat rat-like head, and unlike the rabbit it does not hop but walks or runs, using its legs separately.

Anatomical studies made by zoologists have established the relationship existing between this unimpressive animal and the lordly elephant, the burden of proof lying in a comparison of the skeletal structure of their feet. Paleontologists have done their part by declaring that ancestors of the two that existed during the Secondary epoch in geological time were themselves descended from the same line of ancestors. These are known to scientists as the Moeritherium and the Megalohyrax. The Moeritherium, ancestor of the elephant, has been described as a clumsy animal, somewhat tapir-like in appearance and size, with only the barest suggestion of a proboscis. The Megalohyrax, ancestor of the hyrax, which is believed to belong to the same epoch in time as the Moeritherium, was also about the same size. Comparison of the elephant and the hyrax with fossil specimens of these far distant relations indicates that the elephant has increased in size since the time which they represent at about the same rate at which the hyrax has lost in stature.—Detroit News.

India's Red Jungle Fowl May Be Daddy of Chicken

The red jungle fowl, of India, is believed to be the ancestor of all of our strains of domestic chickens, says a writer in the Detroit News. Perhaps one reason for its domestication is the fact that in its native range, along the slopes and valleys of the Himalayas, it shows a preference for living fairly near to small villages rather than in deep jungles. A famous naturalist and explorer states that it might better be named bamboofowl than junglefowl because it is especially fond of this type of vegetation and is usually found in a vicinity where bamboo grows.

The chief difference in appearance between the wild junglefowl and its domesticated cousin is a matter of carriage. The real wild junglefowl cock carries his tail low, walks with slightly bent legs and low head, always in an attitude of listening and watching; in marked contrast to the erect carriage, high held tail and strutting gait of the domesticated cock.

The crow of the junglefowl so closely resembles that of the common barnyard fowl that he states he has more than once unconsciously withheld his fire when a bird he had been stalking suddenly uttered the familiar barnyard sound.

Edible Figs

There are two types of edible figs. One type will develop fruit without pollination and includes the White Adriatic, Black Mission and Kadota. The other type requires pollination and includes chiefly those called Calimyrna, Stanford and San Pedro. Figs are insect-pollinated plants, the pollen-bearing flowers and the edible fruit being borne on different trees. The male tree is known as the caprifig. The staminate flowers which bear the pollen are just inside the eye, and the gall flowers, which are modified female flowers, occupy the rest of the cavity of the fruit.

About Shoes

When shoes were first worn, thousands of years ago, it was the custom for a man to take off a shoe and give it to his neighbor as a pledge to seal a bargain or close a deal. Heels and stout soles were not invented till the Fifteenth century. They were originally intended for riding, as they gave a firmer hold of the stirrup. Today, it takes 80 workpeople to make a shoe, 150 kinds of machines are employed in the various operations, and 450 processes have to be gone through before the boot or shoe is ready to be worn.

Indians as Citizens

All children born to citizen Indian parents are natural born citizens and would be eligible to become a candidate for President. Until 1924, only about two-thirds of the Indians of the United States had received citizenship but an act of congress in June of that year made all Indians citizens. It is generally believed that an Indian born in the United States but who received his citizenship through congress would not be eligible for the office. This is a question which would be decided by the courts if such occasion arose.

National Bison Range

The National Bison Range is maintained by the bureau of biological survey, United States Department of Agriculture, near Moiese, Mont. This is a small town in the southwestern part of Lake county, Montana, in the northwestern part of the state. It is just west of the Mission range and south of Flathead lake. The range has an area of 18,335 acres.

Four Die at Bridgeport When Big Settling Basin Caves in

Here is the scene of the cave-in at Bridgeport, Texas, where four men lost their lives. The big hole was a settling basin for the Bridgeport filter plant, under construction. After being buried alive, four workmen were drowned as water came up while their fellow workers were endeavoring to dig them out. The dead are Bud Shawn, 26; Claude Mader, 29; Nolan Gober, 21 and C. SUB SEEKS TREASURE OF BRITISH FRIGATE

New York.—A tiny submarine, the brain child of Simon Lake, is reported to be ready to seek a treasure worth $5,000,000 which, legend says, sunk in 1780 on board the British Frigate Hussar. The money was sent to New York to pay British troops during the American Revolution, but the vessel, unfamiliar with treacherous currents of Hell Gate, was wrecked.

The submarine to be used is 22 feet long and the statement is made that Mr. Lake has a contract with the Treasury Department whereby the government gets part of the money recovered.

A RESOLUTION RELEASING THE PENALTIES AND INTEREST ON DELINQUENT TAXES DUE THE CITY OF CAMERON, TEXAS, WHICH WERE DUE ON AUGUST 1st, 1934.

WHEREAS, the Legislature of the State of Texas did on the 9th day of November, 1934, pass an act Releasing Interest and Penalties on Delinquent taxes of cities as other taxing sub-divisions of the State to become effective on the 9th day of February, 1935,

AND WHEREAS, the above act will make its manditory upon the cities of Texas to release all delinquent interest and penalties due on city taxes which became delinquent on August 1, 1934, and which are paid between February 9, 1935 and March 15, 1935;

AND WHEREAS, the City of Cameron is willing to give its taxpayers the advantage of the provisions of this law at once;

NOW, THEREFORE, BE IT RESOLVED: That the provisions of House Bill No. 7 be invoked and become effective as to the taxes due the City of Cameron on the 21st day of November, 1934. That all interest and penalties that have accrued on all ad valorem and poll taxes that were delinquent on or before the 1st day of August, 1934, due the City of Cameron, are hereby released provided such ad valorem or poll taxes are paid during the time covered by this resolution. That the City Council may without notice at any time withdraw this resolution and the same shall have no force and effect as to taxes which were paid before its withdrawal, and under no conditions shall this resolution effect the payment of delinquent taxes which are paid after the 15th day of March, 1935.

It is hereby expressly and specifically provided that the penalties and interest herein released are released only on delinquent ad valorem taxes and no other taxes.

Nothing contained in this resolution shall be constructed as postponing, delaying or extending the time of the payment of delinquent taxes covered by this resolution nor prohibiting, postponing or delaying the filing or the prosecution of any suits for the enforced collection of the same.

All resolutions and ordinances in conflict with the provisions of this Act are hereby expressly suspended during the term of this resolution, in so far as the same are in conflict with the provisions hereof.

Passed and approved this the 20th day of November, 1934.

HONORS FOR MR. AND MRS. BUSKER

Honoring Mr. and Mrs. Robert Busker who have moved to Lott this week, Mr. and Mrs. Leo Laake entertained with five tables of forty-two at their attractive home Thursday evening at 8 o'clock.

The reception rooms were decorated with chrysanthemums and potted ferns. Five tables were outfitted for the games where tally pads and score cards lent a colorful theme to the rooms.

High score for women was made by Mrs. R. A. Rankin, and was given a box of beautiful stationery. Low went to Mrs. Busker, a framed picture. High score for the men was made by R. G. Grabein, and received a necktie, while low for the men was given to Steve Slama, all of whom presented their gifts to the honor guests.

The hostess was assisted by Mrs. Henry Dakel in serving chicken salad, sandwiches, fruit cake and hot coffee.

Out of town guests were Mr. and Mrs. Steve Slama of Bryan.

SUN HITS STONE ONCE A YEAR

Melbourne, Australia.—A unique feature of the Shrine of Remembrance, Australia's memorial to her war dead, is that at eleven A. M., Melbourne time, on November 11, of each year, will the sunlight strike the rough-hewn rock of remembrance in the middle of the shrine. The shaft is so built that only once a year will the sunlight be able to shine down.

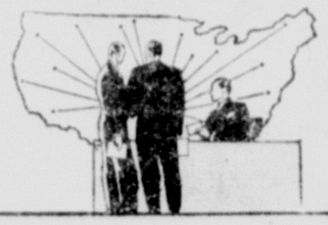
BACKSTAGE in the TELEPHONE SERVICE

THE telephone service this company furnishes you could not be as uniformly good, as quietly accurate, as far-reaching and inexpensive, if the nation-wide organization of the Bell System did not stand behind it.



There is American Telephone and Telegraph Co., the parent organization, furnishing technical and business guidance to the 24 operating companies.

There is Bell Laboratories, the research organization, constantly seeking better and more economical methods and equipment.

There is Western Electric, the supply unit, buying and manufacturing at a cost in most cases below what would be paid in competitive markets.

Each of these units stands behind the men and women who give you your local telephone service. Each is dedicated to the fundamental and enduring Bell System policy of giving good telephone service, at a fair cost to the user.

Back of this policy lies our belief that in an undertaking such as ours, planned for the long run, what is best for the telephone user becomes in the end the course that will bring us the sounder, more enduring success.

EYESTRAIN CAN OFTEN BE RELIEVED BY USING BETTER LIGHTING » » »

Young eyes were never built for close work, so when reading or close work must be done see that your child gets enough light.

Test the bulb in her study lamp tonight. Just sit in the chair she uses and try to read this line of fine print without squinting. If you can't do it, play safe and replace the bulb with a new and brighter one, or possibly the lamp she is using should be replaced with . . .

THE NEW STUDY LAMP
. . designed to Safeguard Eyesight!

The new study lamp is not a product of any single manufacture. It is a joint creation of lamp designers, eyesight specialists, research men, Mazda Lamp manufacturers, physicians, scientists, and others concerned with the conservation of human vision. It has the sanction of the leading lighting authorities of the world. Its height is 28 inches — the height prescribed by science for delivering the proper light on tabl or desk. Equipped with a white glass diffuser, it throws the light downward and upward, giving soft, well diffused, glareless light for reading with greater eye comfort. It makes seeing and reading easy.

Three Ways To Help The Herald.

The management of The Cameron Herald, as a general rule prefers not to take up business matters too often in the editorial columns and yet, it seems to us, readers of this publication realize that its growth and development depends upon the support accorded by the people in Milam County.

In this connection, may we not point out that there are three ways in which interested individuals can assist us in building up the best newspaper possible? First, of course, is the gift of good will, which naturally includes friendly co-operation in many ways. We have always appreciated the generous bestowal of public favor upon the Herald and it is, in our opinion, the most valuable asset that we have.

The other means by which individuals can help or hinder us are of gravest importance, dealing with the business office and our finances. These include the ready payment of subscripton accounts and the reasonable use of advertising in our columns, with proper payment for the service rendered.

Today, in a limited space, we want to discuss one of the factors, the prompt payment of subscription accounts. We have the good fortune to send our newspaper into the homes of hundreds of families in Milam county. Once a year, in the inevitable course of time, the family subscription to the newspaper expires. It is so, at the same time with many others.

Some of those subscribers delight in paying their subscriptions promptly, thus attesting positively their approval of our effort to give Milam County the kind of newspaper it should have. These subscribers may not know it but they delight the soul of the editor. Their promptness encourages him and makes easier the financial burdens that otherwise might impair his work.

There are others, however, who have a tendency to overlook their subscription payments. They have no idea of stopping the newspaer. They feel sure that we know their attitude and in many cases, we do. Nevertheless, unless they send their money they are on a delinquent list, and, very often discounted by advertising agencies that send us business.

In addition, we are not allowed to send our newspaper to those who fall behind. The government allows a few weeks time for us to get renewals, after which it is not permitted that The Herald be sent through the mail under economical rates.

With these matters stated, we hope that all our subscribers this week will look at the dates printed opposite their names on the labels of their copy of this issue. If your subscription has expired, won't you join others in renewing at once and by your co-operative acts demonstrate your approval of The Herald.

In conclusion, we wish to thank the people of this section for their past support and also express sincere appreciation of the prompt payments that will be made by those who read this article.

CCC Workers Revolt.

News dispatches of a few days ago told of a rebellion in a Civilian Conservation Corps camp in Maine when two hundred and fifty workers objected to their transfer to camps in Virginia and Maryland.

The young men who have been given employment and training by the government, when they could not obtain jobs anywhere else, showed their appreciation by attacking their officers, locking them in the baggage car and blocking all efforts to move their train for more than three hours. A squad of one hundred and fifty policemen came to the camp to restore order and their arrival sobered the rebellious workmen, who subsequently left under the control of their own officers.

Such an incident is significent. These young men evidently do not feel that the Government did them any favor in giving them jobs, feeding and training them, therefore they had a right to decide for themselves exactly where they should work. What the government should do in a case like this is to expel from work those responsible for such conduct and bar them from further participation in any assistance from the Federal Government.

Voting on Public Policies.

The people of Texas will probably be interested in something of an innovation in the elections which took place this month in Massachusetts. Under a statute there, state representative or senatorial districts may place on their bollots at regular elections "public policy questions."

In line with this provision more than one hundred districts voted on whether the United States should join the League of Nations. Of 216,935 votes cast, 135,079 were "yes."

The practice of permitting the people of this country to vote directly upon public questions will create new interest in the matters concerned. Generally, we think the idea looks good, but the weight to be attached to such "expressions" of the public depends upon the number of voters who participate in the special referendum.

Don't Forget the Red Cross.

The people of Milam County are urged not to overlook the annual Roll Call of the American Red Cross, which is now going on throughout the United States.

Lest some people get the idea that the government, with its huge program of relief, is meeting the needs of all types of relief, we point out that the Red Cross, in the year ending June 30, 1934, gave relief to 108 disasters to more than 123,000 individuals.

The National Red Cross has built up a thoroughly trained disaster relief organization, which functions as nothing else can when tragedy stalks through communities visited by sudden devastation. Let us remember that fires, floods, earthquakes and tornadoes have not lost their terror.

Help the Red Cross to be prepared to aid the stricken and helpless by maintaining your membership in this great organization of mercy and relief.

Business Plans Forward Step.

The information comes from Washington that leaders of private business in many fields have determined that something should be done to shorten bread lines in this country and that private business should do it.

As a result of the recent election, with its vote of confidence in the administration, those leaders realize that there will be no immediate change in public policies and that, in order to prevent further objectionable legislation, it is up to business to show that the country can recover without new changes and even without some of the emergency laws now on the books.

This is encouraging. Everybody hopes that in some manner business will acquire that confidence for which it seeks and that financial industrial and economic leaders of the nation will get together, pull together and put the United States on its feet again. In such a move lies the best prospect of preventing radical demands in Congress and the possible threat of ill-advised relief measures.

BRIDGE FOR MISS DAVIS

Miss Wiss McDermott and Miss Helen Blaylock were joint hostesses for a bridge party Monday night at the home of the former honoring Miss Gladys Davis a bride of this week.

The home was resplendent in pretty fall rosebuds and ferns. Five tables were arranged for games amid this delightful environment where score pads and tally cards carried out a pretty bridal theme.

Completing a round of merry games Miss Arnett Ryan made highest score and received a half dozen silver tea spoons and platter, which she presented to the honor guest, who was also given six bowls in the pattern of her selected china.

The hostess, assisted by Miss Dorothy Blaylock, served pie and coffee on trays decorated with rosebuds and ferns.

Mr. and Mrs. Clifton Jenness and Waymon Jenness spent a few days last week in Houston.

Louisa's Letter

Idleness Is the Real Cause of Much Trouble

Dear Girls:

A reader writes that she is very unhappy. It seems that her husband is the soul of courtesy and generosity. She has a beautiful hame, a car of her own, a generous allowance, but she has decided that she doesn't love her husband and that causes her to be miserable.

There are so many people in need of sympathy that I find it hard to expand any on this case.

When I think of the weary women who scrub and sew and cook from morning 'til night, trying to make ends meet and keep the children looking well enough for school—when I think of women who have no luxuries, lacking even many necessities but who face life with courage, although that means wearing the same old frock or coat, when I think of all the women who have worthless husbands as added burdens, men who philander or who humiliate them by getting drunk, who actually abuse them and their children. I think this unhappy reader had better get down on her knees and thank God for all her blessings.

Two to one her whole trouble is idleness. She probably hasn't enough to do to keep her mind ont of devilment. She thinks about herself all of the time and finds nothing of interest but the state of her feelings. If she were less selfish and would try to think of ways in which she might repay her splendid husband for the many gifts he lavishes upon her, if she could feel so grateful that she does not have to struggle for a living and would work to help those who do, with some of her idle time and generous means, she would perhaps, find that she is not unhappy after all.

Some women just adore to picture themselves as unhappy. They just wallow in synthetic misery and are really having a gorgeous time pitying themselves.

I feel sure that if they were suddenly bereft of car, money and house and had to stand all day in a store trying to make enough money to buy three meals a day, they would long earnestly for the old happy days when life was so easy and sweet.

It's a pity these idle women could not experience a few hard months. It would mean a great many more happy wives and husbands.

Yours,
LOUISA.

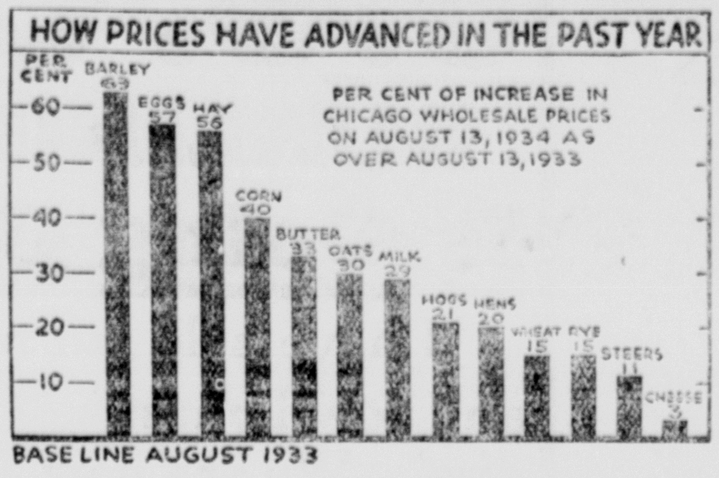
Cheese Price Serves Budget as Nation Serves Cheese!



When the nation sits down during National Cheese Week, November 11 to 17, to eat its way through the national cheese surplus of some 25,000,000 pounds, it is getting the greatest food bargain on the market.

The above chart shows relative price rise in staple commodities during the past year, with cheese at the bottom of the list. Although the slogan of National Cheese week is "Serve Cheese and Serve the Nation," the family serving cheese these days is also serving itself to one of the most important foods in the diet, and serving its own budget at the same time. Each family in the United States will be urged to increase its cheese consumption one pound during the week of November 11 to 17.

In this pound of cheese, at the lowest market price in many years, America is getting the following food values:

One pound of cheese contains all the tissue-building casein and energy-producing fat values of one gallon of fluid milk. It is the most highly concentrated form of the tissue builder, protein, known. Each pound of cheese contains 11,200 units of the vitamin growth vitamin A, and an important percentage of the newly isolated vitamin G, which is essential to normal nutrition. In addition, cheese is a source of all the other vitamins. From 90 to 99 per cent of all good cheese according to U. S. government reports is readily digestible.

MARLOW 4-H CLUB

(Deferred from last week)

The Marlow 4-H Club Girls met last Tuesday November 13 with our agent Miss Bertha Fae Strange. We met at the home of our sponsor, Mrs. Lake. The meeting started at nine o'clock, with our president, Miss Clydell Walston presiding. The president called the house to order, then had the roll call by the secretary, Gertie Krull. As the secretary was absent from our last meeting, she did not have the minutes complete. We also sang some songs led by our song leader Maurine Krull. After the song program the meeting was turned over to Miss Strange. She gave us a program on personal appearance and Health. Then she told us about colors of prints and solid colors that could be combined for aprons.

She told us that our meeting in January would be on making aprons. We then adjourned.

Our next meeting will be November 27 at the school house.

We are to have our note books filled out with the clothing we have bought since the first of the spring season.

Miss Inez Lake, Reporter.

Rev. Mr. Graves, student of T. C. U. at Fort Worth will preach at the Christian church Sunday next, both morning and evening.

WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

Then you may suffer nagging backache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains; feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use *Doan's Pills*. *Doan's* are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. *Doan's* are recommended by users the country over. Get them from any druggist.

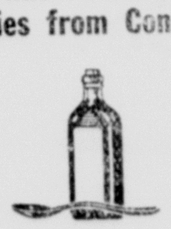
DOAN'S PILLS

Lady Says She Took CARDUI for Cramps; Was Soon Relieved

Women who suffer as she did will be interested in the experiance of Mrs. Maude Crafton, of Belleville, Ill., who writes: "For several years, I suffered from irregular trouble and cramping. There would be days when I would have to stay in bed. I would get so nervous, I was miserable. My aunt told me to try Cardui. She believed it would build me up, regulate me and help the nervous trouble. I knew after taking half a bottle of Cardui that I was better. I kept on taking Cardui and found it was doing me a world of good. I am in good health, which means a lot to me." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. . . . Price $1.

THE SECOND QUESTION A DOCTOR ASKS . . . .

Here is some information that has relieved whole families from Constipation



When anyone is "out of sorts" the doctor's first question is about the bowels. And the second, what is being taken to help them. Doctors use laxatives, and expect you to use them. But they prefer a *liquid* laxative. Do you know why?

Doctors and hospitals use *liquid* laxatives because they've seen the damage sometimes done by highly concentrated drugs in the form of pills or tablets! They know that a properly made liquid laxative containing senna (a natural laxative) does not do this harm. And they use *liquid* laxatives to relieve the bowels, because the dose can be easily *regulated*.

What to Use

There is a preparation of fine herbs, pure pepsin, cascara, and senna which does away with all need of harsh cathartics. The active senna in Dr. Caldwell's Syrup Pepsin is laxative enough for any adult, mild enough for any child. And there are other valuable ingredients in this delightful syrup.

Syrup Pepsin will usually relieve a case of constipation overnight. If a further dose is necessary, you give a *smaller* dose, each time *less*, until the bowels are moving regularly and thoroughly without any help at all!

If you have a youngster who doesn't eat, doesn't gain, gets upset and bilious no matter how careful you are about the diet—don't resort to strong cathartics which may only make matters worse.

Make this Test!

If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age. Try the help of Syrup Pepsin until you are relieved and nature restores your regularity.

When your bowels continue then to move regularly, comfortably, and completely every day—you'll know why most doctors favor a *liquid* laxative like Dr. Caldwell's Syrup Pepsin.

My husband, who is a druggist, first recommended Dr. Caldwell's Syrup Pepsin to me. It has always helped me and made me feel better. I have used it as a laxative for the entire family for 22 years.

accept any Reduemptions until after the above date, unless interests and penalties are included.

"We are very sorry that we have no suggestions or plans to offer, as this office is under the same law as the Tax Collectors, and will have to follow the law as passed by the Legislature."

The above appears to be the final word and authority in the much discussed question of how delinquent taxes may be handled during the remainder of the year. We also point strong threat of repeal by the regu- out the fact there exists a very lar session in January before this special law becomes effective in February. As a matter of princple we do not state this to be our position, but we desire to point out the fact that Tax Collectors are glad to be able to receive delinquent taxes without penalty and interest. Much of the detail work in handling delinquent taxes is removed in that no figuring is required. Delinquent taxes are more easily collected without penalty and interest and the same commission is paid to the office, whether the additional amounts are collected or not.

The Tax Collector who is to retire from this office at the end of this year suffers an irreparable loss because of the condition with reference to delinquent taxes existing at this time. However, there appears nothing that can be done except to abide by the mandate of our law makers.

Respectfully yours,
Roy Law, Tax Collector,
Milam County, Texas.

Feels a Lot Better When Black-Draught Relieves Constipation

From many states come reports like the following from Mr. W. M. Henderson, of Jasper, Fla: "I have been taking Thedford's Black-Draught twenty years. I take it for constipation that gives me a dull, tired, aching feeling, and I have headache, too. Black-Draught relieves me of this trouble, After a few doses, I feel as good as new. I keep it in my home. I have a big family. When one of us is ailing (from constipation), we take Black-Draught and almost always feel a lot better. It has been worth its weight in gold to my family." . . . Sold in 25¢ packages. "Children like the Syrup."

Aged Couple Here Tuesday Observe 68th Wedding Date

Mr. and Mrs. A. J. Jackson observed their 68th wedding anniversary Tuesday November 20th in the home of their daughter, Mrs. B. F. Pugh near Cameron.

They were married November 20, 1866 in the state of Alabama and have made their home in Milam county for more than half a century. They have 156 living descendants as follows: twelve children, 71 grand children and 73 great grand children most of whom are living in Milam county. Mr. and Mrs. Jackson have been members of the Methodist church for 70 years. He is in his 90th year and she is in her 85th year.

Mr. and Mrs. Jackson are in good health and able to visit among their children and grand children. He organized the Milam County Singing convention near Sharp about 40 years ago, and up to within a short time ago he attended these meetings.

Miss Pfeiffer who was also injured in the same accident is confined to the hospital where she will probably be for the next six weeks or more. Miss Pfeiffer has visited here a number of times and has friends here who regret to learn of her serious injuries.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless use of strong laxatives may do more harm than good.

Harsh laxatives often drain the system, weaken the bowel muscles, and even affect the liver and kidneys.

Fortunately, the public is fast returning to laxatives in *liquid form*. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin gently helps the average person's bowels while nature is restoring their regularity. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. At all druggists, ready for use, in big bottles.

Educators Coming For Lecture Here

Milam County is highly honored in having as speakers on December 13th two authorities on education.

Dr. Hobson Gray and Dr. Frederick Eby of the University of Texas, have accepted the invitation of Cameron's Superintendent of Schools, E. A. Perrin, and will address the Parent-Teacher Association and guests.

Dr. Gray's subject, Methods, will be presented by one whose deep study and experience will make this a momentous occasion for those who will hear him.

Dr. Eby, author of several text books on Education, is considered an authority on the History of Education. He will speak regarding the Public School and Its Purposes in Our Educational System.

Members of the Parent-Teacher Association desire to share the privileges of this evening of December 13 and hereby extend a cordial invitation to all who are interested.

The meeting will be held in Yoe High School Auditorium at 8 o'clock.

Mrs. J. P. Love,
Publicity Chairman.

SINGING CONVENTION

The Milam County Singing Convention met in their last quarterly meeting for this year, at Hanover, Sunday November 18. Clarence Jackson, president, was present. A number of out of county singers were present. Among them were the Stamps Quartette of Dallas who are heard over the radio every week.

Dinner was served at midday on tables that had been arranged on the lawn.

Next meeting will be held February 18 , 1935 at Gause.

Those to attend from Cameron were: Judge and Mrs. W. G. Gillis, Judge and Mrs. Jeff T. Kemp, Judge John Watson, Mr. and Mrs. W. A. Bonds, Mr. and Mrs. Emory B. Camp, Mr. and Mrs. Ike West, Mr. and Mrs. Had Garrett.

LIVED TWO YEARS IN WOODS

Chicago.—Nicholas A. Schwall, who fled from his bank in 1932 after confessing his speculations, was recently recaptured in the depths of Winconsin woods where he had lived the life of a hermit. THE YOEMEN CHANT

TO A LEAF

By C. W. Gjedde

A golden leaf I found today,
That fell beside a woodland way,
Alone it lay in splendor hues
Lightly jeweled by autumn dews.
No sorrow showed in its tender face,
Because it fell from its towering place,
Where once the robin hid her young,
And the wooing-maker, his love had sung,
And all of nature its eye could see,
And love and rejoice at a part to be.
But little it knew of winter's hand
That creeps like a ghost o'er the land,
And soon will cover and hide away
Its sunny heart beneath the snow some day
And n'er again its eye will see
It's tree top home where once so free
Only in splendor the world has shown
And nothing saw it to grieve or moan.

The library of Yoe High has subscriptions to 22 magazines, and we urge the students to get better acquainted with them. Those students who are interested in scientific subjects have such books as Popular Mechanics. Also those interested in beautifying your homes and yards, should read such books as Better Homes and Gardens.

Twenty-one Milam County Teachers are earning College credit toward certificates and degrees thru extension courses now being offered at Cameron by the Southwest Texas Teachers College at San Marcos.

Professors Claire Mitchell and L. E. Derrick of that institution are conducting classes in Physical Education and in English. Superintendent E. A. Perrin and the Cameron School Board are co-operating with the college by furnishing the necessary class-rooms and equipment for the project. The classes meet on Wednesday evenings and include teachers from Cameron, Rockdale, Milano and numerous rural schools of the county.

SPORTS

One more chance! The Yoemen's desire will be satisfied when they meet the Rockdale Tigers next Wednesday night November 28 on the Yoemen gridiron in a post season game.

For many moons the Tigers and Yoemen have been rivals and by some streak of luck the Tigers have managed to handle the Yoemen on their finger tips up until this season. The Yoemen and Tigers met in a 6 to 6 tie on November 9 in Rockdale. This tie might have satisfied the appetite of the officials but not of the two teams who are anxious to thresh it out and settle it in a definite manner.

From all indications there promises to be a hot time in the old gridiron next Wednesday night.

The Cameron Yoemen second string will meet the Rogers eleven tomorrow afternoon at 3:30 on the Yoemen gridiron.

The members of the second string who did not play in conference games will show their hand tomorrow night. Turner, a flashy little back, who will probably be an ace on the Yoemen line up next year, will show his developing ability against Rogers. Peck also will show his hand and will probably play the entire game.

The boys who will play tomorrow night will form the backbone of the Yoemen line up next season.

Chapel Program

Rev. J. Williams, the new pastor of the Methodist church, taking Rev. Walter C. Cannan's place, delivered a speech in the Yoe High Auditorium.

Mrs. Harsha and Loraine Wade rendered a duet.

A trio from Caldwell consisting of Dorothy Perkins, William Duckworth and W. C. Mills entertained the students with various selections.

Home Economic Club Girls

The Home Economics Club Girls of the Yoe High School are engaged in an interesting project at present. When the club met on November 15 Miss Katherine Robbins suggested that the girls write letters to other near by Home Economics Clubs and ask them to write us and tell us about the kind of programs they have at club meetings and about what they are doing. Some of the girls have already sent letters to other clubs and are now waiting anxiously for replies.

Since the weather has been too bad for the girls' physical education classes to play outside, the girls have been playing basket ball in the gymnasium.

The Yoe High Library has been increased by a number of new books that will be on the shelves of the library in the near future.

Two points for literature reading will be given to each student who saw and makes a report on the recent movie "The Barrett's of Wimpole Street." This is a historical story of the life of Robert Browning and Elizabeth Barrett.

Miss Lois Young spent the past week end in Corsicana.

Misses Lucille Dickard, Helen Flinn, Winnie Henderson, Ethel Jenkins and Mrs. W. O. Triggs went to Waco Thursday night to hear the program of Miss Edna St. Vincent Meloy given at the Waco Hall.

Miss Pitts' dramatic club enjoyed a social given in the dining room of the H. E. Department at the fourth period Friday. Hot chocolate was served to the club and the following outside guests: Mr. E. A. Perrin, W. C. Weise, Misses Pitts, Lois Young, Kathryn Robbins, L. Lowe and Mrs. Culpepper. After refreshments a brief program was given.

'Old Hickory' is Title Benefit Play

A hilarious comedy entitled "Old Hickory," will be presented next Monday and Tuesday November 26 and 27 at 8 o'clock at Yoe High Auditorium.

Your reading of the distinguished personnel of the cast will will decide your attendance.

Besides the play, musical features of the evening's entertainment will add greatly to the enjoyment of the occasion.

The play is for the benefit of the Parent-Teacher Association and they have assembled a cast of players that will keep you laughing from the curtain rise until its final drop.

Following is the cast: Gus Evans, Grady Little, Bill Morrison, Dan Tyson, Lester Williams, Guy Newton, Dr. Crump, Ben Reichert, W. C. Weise, Penn Wolf, E. D. Parnell, Bill Triggs, Judge Jeff T. Kemp, Mrs. Dan Gunn, Mrs. H. G. Harsha, Mrs. Gladys Watson, Mrs. G. E. Sutton Mrs B. Slocomb, Mrs. Winnie Wittliff, Mrs. Sam Brewer, Miss Tarver, Mrs. M. M. Johnson, Mrs. Geo. Childress, Sr., Miss Foldine Rylander.

Band Boys: Frank Newton, Allan Horstmann, L. E. Jackson, John Wallace. Male Quartette.

DEER HUNTERS OFF

E. O. Schiller, F. S. Lesovsky, Dr. James Watson and Hayden Lawrence left Monday for a deer hunt that will take them to Mason, Texas, and other good hunting grounds. They declared that they would bring back the venison.

Texas Steers and S. M. U. Ponies Battle to 7-7 Tie

Practically everybody in Austin had a bad case of jitters after going through 60 minutes of nerve-wrecking when Texas tangled with S. M. U. Saturday. It ended in a 7 to 7 tie. The game began with a touchdown for the Longhorns in the first minutes of play. It was punctuated with a 34-yard touchdown run by Bobbie Wilson, the Mustang racehorse, which gave the Texas fans heart failure, and a gigantic heave by Bohn Hilliard which gained so many yards that it left Pony supporters biting their fingernails. It ended with the Mustangs on Texas' 20-yard line, going strong, and Longhorn rooters in a cold sweat. Wilson, leading scorer of the Southwest Conference, is shown in the picture as he raced for the S. M. U. touchdown. (Texas News Photo.)

GEN. SMUTS SAYS "MARCH WITH U. S."

London.—General Jan Christian Smuts, Minister of Justice of the Union of South Africa, in an important speech here declared that the policy of the British Commonwealth should be one of friendliness and good will toward Japan, but if there should come a parting of the ways, Britain should march with the United States to the unknown future.

Nat Wofford of Port Arthur returned to his home after accompanying his mother, Mrs. Hallie Jones Wofford home from Port Arthur where she spent a few days last week and attended the funeral of Miss Beulah Floy Bledsoe who was fatally injured in an automobile accident Saturday afternoon.

Many friends in Cameron will be pleased to learn that Miss Helen Green, who was in an automobile wreck near Houston on Saturday November 10, is improving and will soon be able to be out again.

Mrs. Watt Skinner and Mrs. Robert McElwrath of Rogers have returned to their home after visiting Mr. and Mrs. Joe Denson.

Who Knows Less About More Things Than Any Man on Earth Explains: How to Drive a Car.

There are few people left, who, after observing the manner in which people drive, have decided it is impossible to drive a car.

Don't feel that way—just follow the LeRong Car Driving System in one easy lesson.

You may not live long enough to collect some of your endowment insurance, but you'll certainly enjoy yourself until the End.

The first thing to get is a car. If you don't want to spend any money, merely borrow a car. It's a great way to practice.

And besides, you don't care what happens to it.

Now, be sure the car is parked in the middle of Main Street on a busy afternoon at the height of the traffic rush.

You are now ready for your driving lesson.

Get into the car with a flounce. If you are a woman, flouncing should come natural. If you are a man, you might have to practice flouncing before your mirror until you get it down pat.

A good flounce is worth a lot of attention—it shows something or other about your personality.

Now, turn on the motor, throw in your gear, and turn everything loose.

You'll dash madly out into the traffic stream, and before you know it, you have received the distinguishing marks of the most skilled and accomplished drivers a couple of bashed up fenders, or something.

Now stop suddenly. Don't bother about holding out your hand, or making any kind of signal.

Just stop.

It's good for the digestion.

Stand there in the middle of the street and blow your horn. Keep blowing it. If your finger gets tired, just rest you relbow on the button, and hang on.

This has a great attention value.

Now, take a couple of playful swoops at pedestrians. You may not be skillful enough, at first to hit any of them—but don't worry about it.

It won't be long.

If anybody tries to pass you, especially a bus or truck, get out in the middle of the road and stay there.

Afterwards, rummage down in the pile of stuff that used to be a car, and find the license plates.

Etiquette requires you to return them to the owner.

At least.

RED CROSS RELIEF GIVEN TO VICTIMS IN 103 DISASTERS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

A history of the disasters in the United States in any year is written annually by the American Red Cross, according to Chairman John Barton Payne, commenting on the report for the year ending June 30, 1934, which has just been issued in Washington.

"Because of the charter provision which places upon the Red Cross the responsibility for disaster relief, our chapter and staff workers are notified of all calamities of storm and fire and flood," he continued. "The emergency period may prove to be brief, in cases where the victims have their own resources to draw on. While it lasts, however, whether it brings the immediate need of food, clothing and shelter for the homeless, or entails a program of investigation and rehabilitation, the Red Cross is the official director of all relief."

A great variation in type, and a wide geographical distribution, characterize the 103 disasters reported last year. Tornadoes, hurricanes, hailstorms and other storms made up almost one half of the total. Especially numerous were the tropical storms which swept in from the sea to the Atlantic and Gulf Coast region. There were 21 storms of this type, establishing a new record for frequency.

Next in number to storms were disasters of fire, the report shows. Red Cross aid was given following 25 fires in the United States and insular posessions. The most spectacular was the Chicago stockyards fire, where Red Cross workers arrived shortly after the fire started, administering relief until the emergency period passed, giving first aid to about 1,000 persons.

Floods caused serious damage in some sections, 17 calling for Red Cross relief. Three explosions were reported and three epidemics of malaria and typhoid fever. A school bus wreck was one of the year's tragedies for which Red Cross funds were needed for relief and rehabilitation.

"Technique acquired by the Red Cross in these disasters and the hundreds of others we have handled is at the service of the public," Chairman Payne said. "To make this possible the disaster relief service has issued a manual containing instructions for chapters interested in advance preparations for emergencies. Disaster institutes were held last year in 28 strategic locations, to enable Red Cross and civic workers to formulate plans for possible disaster emergencies in their communities.

Support of the disaster relief activities of the Red Cross comes from the annual roll call held each year from Armistice Day to Thanksgiving Day.

Trained to Save Lives

First aid certificates were issued by the Red Cross last year to 130,972 persons who finished the course of instruction put on by the chapters. Included in this list were more than 70,000 foremen, time clerks and other key employes on Federal Civil Works projects. Further evidence of the government's endorsement of the first aid program is found in projects now under way where Red Cross chapters, at the request of the War Department, are giving first aid instruction in CCC camps. Where it has been requested by Army engineers the same instruction is also made available to key men working on federal water conservancy and flood control projects.

War Veterans' Problems Increase

Last year American Red Cross chapters dealt with the problems of nearly 400,000 veterans and their families. The workers find that as the years go on their responsibility increases rather then decreases. Changes in legislation, the increasing age of veterans and the consequent increase in physical ills, bring new needs for sympathetic treatment by trained Red Cross workers. In addition to this service to veterans the Red Cross served as the official medium between the people and the men in military and naval service, giving aid through this service last year to 6,979 men in the army, navy and marine corps.

Busy Year for Volunteers

Red Cross volunteers made nearly five million garments last year; they prepared 342,366 pages of hand-transcribed braille and 314,788 by the duplicated process; 16,132 Christmas bags, 3,678,831 surgical dressings and 18,475 layettes were prepared, and many other valuable community services were reported by chapter volunteers.

Miss Susan Pope and sister, Mrs. Alvin Pool of Abilene, spent a few day shere this week visiting friends.

A RESOLUTION RELEASING THE PENALTIES AND INTEREST ON DELINQUENT TAXES DUE THE CITY OF CAMERON, TEXAS, WHICH WERE DUE ON AUGUST 1st, 1934.

WHEREAS, the Legislature of the State of Texas did on the 9th day of November, 1934, pass an act Releasing Interest and Penalties on Delinquent taxes of cities as other taxing sub-divisions of the State to become effective on the 9th day of February, 1935,

AND WHEREAS, the above act will make its manditory upon the cities of Texas to release all delinquent interest and penalties due on city taxes which became delinquent on August 1, 1934, and which are paid between February 9, 1935 and March 15, 1935;

AND WHEREAS, the City of Cameron is willing to give its taxpayers the advantage of the provisions of this law at once;

NOW, THEREFORE, BE IT RESOLVED; That the provisions of House Bill No. 7 be invoked and become effective as to the taxes due the City of Cameron on the 21st day of November, 1934. That all interest and penalties that have accrued on all ad valorem and poll taxes that were delinquent on or before the 1st day of August, 1934, due the City of Cameron, are hereby released provided such ad valorem or poll taxes are paid during the time covered by this resolution. That the City Council may without notice at any time withdraw this resolution and the same shall have no force and effect as to taxes which were paid before its withdrawal, and under no conditions shall this resolution effect the payment of delinquent taxes which are paid after the 15th day of March, 1935.

It is hereby expressly and specifically provided that the penalties and interest herein released are released only on delinquent ad valorem taxes and no other taxes.

Nothing contained in this resolution shall be constructed as postponing, delaying or extending the time of the payment of delinquent taxes covered by this resolution nor prohibiting, postponing or delaying the filing or the prosecution of any suits for the enforced collection of the same.

All resolutions and ordinances in conflict with the provisions of this Act are hereby expressly suspended during the term of this resolution in so far as the same are in conflict with the provisions hereof.

Passed and approved this the 20th day of November, 1934.

Cameron Herald

Personel Mention

Mr. and Mrs. D. M. Shaffer of Sinton announce the birth of a son, born to them on November 15. He has been named Sherwood Marsene. Mrs. Shaffer before her marriage was the daughter of Mr. and Mrs. Logan Green of Cameron.

For exceptional service to his company and its policyholders, S. E. Brogdon, special agent for the Southwestern Life Insurance Company has just been awarded a radio by the Company. Mr. Brogdon made his quotas and exceptional service to the patrons of the company.

Friends will rejoice at the news this week of the birth of little Miss Maggie Marie Schulz to her parents, Mr. and Mrs. Herman Schulz in the Clarkson community. She was born on November 17 and weighed eight and a half pounds.

Charlie McDermott who suffered a broken leg some time ago, is much improved and was carried home from the hospital this week.

The many friends over the state will be pleased to learn that Robert McLane of the McLane Company, is much improved after a month's illness.

Miss Ella V. Tate, daughter of Mr. and Mrs. H. N. Tate was operated on for appendicitis Monday of this week. Her condition is not serious and she is thought to be improving.

Mrs. C. E. Doss of Austin, has been visiting her sister, Mrs. Vernon Roberts.

The following composed a party to attend the program given in Waco last Thursday evening by Ben Bernie: Mr. and Mrs. Bennie Winfield, Mr. and Mrs. S. Kestenbaum, Miss Sadie Sullivan of Waco, Gershan Bediach and Mr. Marine of Houston.

Mr. and Mrs. S. Kestenbaum and son, Dana, attended the Rice-A. & M. College football game at College Station.

Mr. and Mrs. Charles Brady are the proud parents of a dainty little daughter who arrived at the Cameron Hospital November 2nd. She has been named Esther Andrea. Mother and babe are doing nicely.

The management announces with pleasure the addition of Coach Carrol Wood at Yoe High, to the great list of readers in Cameron. Mr. Wood expressed his appreciation for the publicity co-operation given athletics at Yoe High by the Herald. He has brought a new era of athletic achievement to the school, the football team being nosed out in their final game for the conference title. Coach Wood is rated by sport writers of the Texas press as the best class B coach in the state and Cameron feels fortunate in claiming both his services and citizenship.

Will Kuhn who lives on his farm in Milam county near the Falls county line and who receives his mail on Rosebud route 3, was a business visitor in Cameron Wednesday afternoon. Mr. Kuhn has been a reader of this newspaper for a number of years. He has lived in the Ben Arnold section and the Clarkson section for a number of years. In addition to his farming interests Mr. Kuhn has made the Great Southern Life Insurance Company a crack salesman. He has represented this strong insurance company since 1931 and has been instrumental in placing many insurance contracts in his section with a large volume of business for the company. The publishers welcome Mr. Kuhn's continued support of the Herald. Mr. Kuhn recently won a trip to the Buffalo Barbecue held near Waco for agents of the company. Mrs. Kuhn was also shown the courtesy of the trip and accompanied Mr. Kuhn to the ranch.

John Pierce spent Sunday in Navasota with his parents, Mr. and Mrs. Louis S. Pierce.

Among the large number of old readers to renew for another year is Frank Zarosky of Cameron. He has been a reader for a number of years and the publishers welcome his continued membership in the great family of readers.

L. C. Boyd, progressive farmer in the Walker's Creek community, is among the large number of new readers to enroll in the family of subscribers this week. Mr. Boyd lives on his farm on Star Route out of Cameron and becomes a reader of the Herald for the first time in recent years. He has been successful as a farmer and while he believes that conditions have improved greatly the cotton allotment plan could be changed to benefit small planters more. The publishers appreciate this reader support from Mr. Boyd. He receives his first issue this week.

Frank J. Moraw, young farmer and well known citizen of this community, was a business visitor in the city Wednesday. He took advantage of his visit to extend his subscription for another year while he visited with the editor for a few minutes. He has been a reader for a number of years. Mr. Moraw lives on his farm on Route 3 out of Cameron and is among the number of young men who are succeeding in agriculture. Mr. and Mrs. Moraw were married some months ago and have the congratulations of their friends in their happy life upon the farm.

H. H. Hartsfield of Maysfield is among the new readers who are receiving their first issue of the Herald this week. Mr. Hartsfield is a well known Milam county citizen and at one time was employed in the office of Sheriff Rogers. Living on his farm at Maysfield he has been successful and the publisher welcomes his enlistment among the big family of Herald readers. He has been a resident of Milam county for a number of years and is keenly interested in its affairs and is an appreciated civic worker in his community.

Lady Says She Took CARDUI for Cramps; Was Soon Relieved

Women who suffer as she did will be interested in the experience of Mrs. Maude Crafton, of Belleville, Ill., who writes: "For several years, I suffered from irregular trouble and cramping. There would be days when I would have to stay in bed. I would get so nervous, I was miserable. My aunt told me to try Cardui. She believed it would build me up, regulate me and help the nervous trouble. I knew after taking half a bottle of Cardui that I was better. I kept on taking Cardui and found it was doing me a world of good. I am in good health, which means a lot to me." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. . . . Price $1.

NOTICE

This is to give notice to the public that cotton receipt No. 6578 issued in the name of Will Kamenicky on the 3rd day of November, 1934, by the Cameron Compress Company, for One Bale of Cotton delivered by him to that Company, has been lost and that the undersigned is the legal owner and holder of said cotton, and the public is warned not to accept said receipt or to deal with same in the hands of any other person.

Lady Went Back To Taking CARDUI and Was Helped

For severe periodic pains, cramps or nervousness, try Cardui which so many women have praised, for over fifty years. Mrs. Dora Dungan, of Science Hill, Ky., writes: "Several years ago, when I was teaching school, I got run-down and suffered intensely during menstruation periods. I took Cardui and was all right again. After I was married, when I felt all run-down and was irregular, I always resorted to Cardui and was helped." . . . It may be just what you need. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. Sold in $1 bottles.

Head Man of Oil Industry Comes to Texas

The head man of the petroleum industry, Secretary of Interior Harold Ickes, oil code administrator, came to Texas last week to attend the annual national A. P. I. convention in Dallas. He is pictured here in center with E. G. Seubert, president of the Standard Oil Co. of Indiana, left, and E. B. Reeser, president of the Barnsdall Oil Co., right. Ickes told the oil men that unless something is done about control of production, the oil industry may be made a public utility. (Texas News Photos.)

roon lads will live as long as men have spirit and sportmanship claims its audience. The colorful play of Lad Hrozek, of Clint Breeding, Captain Gillis, Leonard Blaylock—the demon like defense of Stanislaw, Trent Newton, Simmie Smith and each one who carried the hopes of Cameron fandom into that fateful game, fill another teeming page in Yoemen gridiron history.

In a costly fumble in the first quarter Belton recovering drove for a touchdown. From that time on it was a Belton night—a Tiger serenade until the last quarter when the Yoemen pressed their claims in a bit of fight seldom seen on a football field.

The game was the best of the season and the best team won—that night.

Due to failure on the part of one of the scoring attendants the play by play report of the game will not be available to the readers.

Rosebud will win the title if she is victorious over Thrall and no one doubts the ability of the Panthers to win.

giving, and one has more than he can possibly mention to be thankful for. Just check up on the progress which has been made and the advance of civilization, and if nothing else, one living today can be truly thankful that he lives in 1934 and can have and enjoy the gifts of science and invention of modern times.

Of course, if he is a good, loyal and patriotic citizen he can be truly thankful that he is a resident of Cameron and that he has had opportunity to further the progress and prosperity of this community and make it a better place in which to live.

BRIDGE FOR MISS DAVIS

Among the many pre-nuptial courtesies extended to Miss Gladys Davis, a bride of this week, was the bridge party given by Miss Bonnell Neinast at her home Friday afternoon when she entertained four tables of bridge. The home was attractively decorated with pink and orchid chrysanthemums.

At the conclusion of the games Miss Madie Watson scored highest and was given a crystal mayonnaise set which she presented to the honor guest. The hostess presented the honoree with a pretty electric lamp.

Dainty crystal relish dishes were given for highest cuts, and went to Mrs. A. J. Triggs, Mrs. James Moss, Miss Gladys Davis and Mrs. Pendergast.

The hostess served a dainty salad course on bamboo trays decorated with chosen flowers that were centered with a miniature bride and groom.

Place cards in same bridal theme as tally pads and score cards enabled guests to fing their places around the table.

The following guests were present: Miss Davis, the honoree, Mrs. Alvin Nolte, Mrs. P. Pendergast, of Houston, Miss Bettye Joyce McCollum, Mrs. Geo. William Triggs, Mrs. L. C. Woods, Mrs. A. J. Triggs, Miss Katherine McIntosh, Mrs. Jas. Moss of Port Arthur, Mrs. Robert Stedman, Miss Dora Emily Moore, Mrs. Judd Davis, Miss Madie Watson, Mrs. B. F. Robinson, Mrs. Phillip Reid. Mrs. James Watson and Mrs. E. D. Parnell came in for tea guests.

M. J. Weige, who lives on his farm near Ben Arnold was in Cameron Saturday afternoon on business and while here took advantage of his visit to extend his subscription until 1936. The publishers appreciate this renewal and are happy to have Mr. Weige among the many who will read this newspaper in the future. Mr. Weige is one of the substantial farmers of the county and believes that the Bankhead bill is unjust to small planters.

Long Service

Here is A. E. Camp of Weatherford, Texas, who has been superintendent of the Couts Memorial Methodist Sunday school for 33 years. He has just been re-elected to serve the 34th year. This is believed to be the longest term of service in this capacity in Texas.

FOOTBALL STADIUM PLANS ARE ANNOUNCED

Stadium plans that call for seating approximately 2500 or more are being drawn following a meeting of the committee Monday night in the office of E. A. Perrin, school superintendent.

Present at the meeting were Coach L. C. Wood, S. A. Cottle, president of the Athletic Council, W. I. Clark, Relief Administrator for Milam county, and J. E. Johnson, Government Architect.

The seating project will be pushed to completion by the 1935 season. Construction will be of permanent type and will include built in showers and dressing rooms for football players only.

The school will have up for consideration soon a gymnasium to be erected adjacent to the school plant.

Coach Wood was instructed to proceed with improvements on the playing field. Relief labor will be used and the cost will be negligible.

BUFFET SUPPER

Honoring Mrs. Alvin Nolte, a recent bride, and Miss Gladys Davis, a bride of this week, Mrs. A. J. Triggs entertained with a two course buffet supper at her home, followed with bridge games.

The dining room was especially beautiful where the table was lace laid with tall pink candles in silver candleabrums. A dainty two course supper was served on card tables laid with pretty covers with attractive Japanese vases that held pink chrysanthemums resting in the center of the tables. This was followed with a merry period of games where highest score was made by Miss Velma Newton, with second highest going to Mrs. Bill Baskin, both receiving Japanese relish dishes which they presented to the honor guests, who were also presented with handsome Japanese cookie jar by the hostess.

A pretty collection of pink roses was used throughout the rooms for this delightful occasion.

Black-Draught For Dizziness, Headache Due To Constipation

"I have used Thedford's Black-Draught several years and find it splendid," writes Mr. G. W. Holley, of St. Paul, Va. "I take it for dizziness or headache (due to constipation). I have never found anything better. A short while ago, we began giving our children Syrup of Black-Draught as a laxative for colds and little stomach ailments, and have found it very satisfactory." . . . Millions of packages of Thedford's Black-Draught are required to satisfy the demand for this popular, old reliable, purely vegetable laxative. 25¢ a package. "Children like the Syrup."

MORE CERTIFICATES FOR COTTON FARMERS

Milam County began to deliver approximately 80,000 pounds of tax-exemption certificates out of the 10 per cent reserve on Monday of this week. This reserve is being distributed to producers who have had an average of less than one-third of their cultivated crop land in cotton in the years 1930, 1931 and 1932, and to producers who in one of the crop years 1928, 1930, 1931 and 1932 had an actually low yield due to drouth, flood, insects, etc.

Milam county now has a supply of certificates out of the National Surplus Pool. Producers who cannot find certificates in Milam County and who will need additional certificates in order to market their cotton may get these certificates by calling at the County Agent's office. Find out the number of pounds needed and multiply this number by 4c and bring a cashier's check for this amount.

Notices of acceptance have been received on the second rental checks in the County Agent's office. These checks are expected within the next few days. Do not call for your checks until you have received a card from the County Agent's office.

Lions Club Will Sponsor Sweater Fund For Yoemen

Starting the awards with a sweater, the Lions Club named a committee Tuesday to sponsor the sweater fund for 1934 Yoemen.

Individual donors of sweaters are sought this year. It now appears that the giving of a sweater is a privilege of giving a sweater. The few. In all 22 sweaters are needed. Already a number have asked the privilege of giving a sweater. The average price will be $6.55.

Anyone who desires should call Mr. Cottle at the hotel at once if they desire to get in on this privilege award.

The Lions met in the Ada Henderson school. W. O. Newton of the Citizens National Bank spoke on the Federal Housing Act, and his address was instructive.

The publishers are glad to announce that Mrs. John Hollis is among the large number of old readers to renew again for 1935. She has been a reader for several years and her renewal is a welcome gesture of appreciation by the management of the Herald.

J. T. Thweatt of Maysfield, pioneer citizen of the county, and former Justice of Peace there, was in Cameron last week end and while in the city extended his subscription to the Herald until 1935. Mr. Thweatt has been a reader of this newspaper for many years. His son, Judge John Thweatt, succeeded his father in the office of Justice for Precinct No. 2.

Mrs. H. Stoebner of Ben Arnold, Route 1 is among the large number of new subscribers to enlist for reading the Herald in 1935. She will receive the first issue of the Herald this week and the publishers are happy to have her among the great family of readers. Mrs. Stoebner has been a resident of the county for a number of years and takes a keen interest in its affairs and will get much enjoyment from reading this newspaper.

Banquet Will Be Tendered Yoemen On December 7th

Although details have not been completed a banquet will be tendered the Yoemen on December 7 it was reported this morning.

The entertainment will include the band and pep squad, it was believed. Details of the banquet now being arranged by Superintendent Perrin will be announced next week.

The banquet will be a tribute from the entire city.

FOR MISS DAVIS

A pretty affair on the social calendar was a pre-nuptial bridge party given Thursday afternoon of last week by Mrs. W. A. Bondes honoring Miss Gladys Davis.

Four games of bridge were played when a gift was made to each highest winner at the different tables, a pretty Fostoria sherbet glass which was presented to the honor guest, who was also given a dainty Fostoria ivory bowl by the hostess.

A salad course with coffee was served on trays at the conclusion of the games.
